Indian Lake Improvement Association Indpls., IN August 1991

THE WOMEN'S COMMITTEE REPORTS:

Hello!

The Women's Committee has been so busy this summer! It has been so nice to see everyone.

Our first big event of the summer was on June 21st. PARK DAY was a great success. We had 23 hard working neighbors tearing down the old equipment and installing the new! It was a long (9-3!) and hot (92 and overcast) day, but the job was well done. It is so nice to have a safe place for our children to play and neighbors to meet. I would like to thank all who helped that day, the ILWC for their continuing support and patience and especially Suzy McDaniel for her endless support and smiles.

Thank you to Helen Brodie for hosting our Annual Ice Cream Social on June 22nd. It was so very nice to just relax and enjoy the day. Fifty-seven people did just that!

Last, but not least on our busy summer calendar was the Annual Picnic on July 21st. Everyone had a great time. The music and food weren't free but the highlight seemed to be the Lawrence Fire Department's rescue displays. The rescues were interesting but the trucks and helicopter were definitely the big hit! Thanks to J. D. Bush for making these arrangements. Congratulations to the Schroeders, Taylors and McFarlands on winning the door prizes and to Louise Hoskins for winning both of the raffle baskets!

Next on our calendars is our meeting at Mary Lou Powers on September 9 at 7:30 p.m. We will be making plans for a **GARAGE SALE** on September 14. This will be open to all Indian Lake residents and will take place at the Park. We are going to be placing ads in all the newspapers so we should do very well. Vivian Matthews and I will be handling the details (ads, signs, tables, etc.) and delivering flyers to you soon with more information.

See you at the Park!

Hurrah for Ben!

A large number of people filled the impressive sanctuary of the Westside Church of the Nazarene. The occasion was the wedding of Kelly Jean-nine Minnus and Scott Bradford Hoke. Scott resided with his parents, Stan and Carol Hoke on the South Drive until recently when he purchased a home in the city. Scott is known to many people through his job as a sports announcer on Channel 6. What was truly special, besides the beautiful bride and the great reception, was the wonderful home-coming atmosphere generated by this partiucular wedding. Guests from Indiana, Illinois and two churches had a special time renewing friendships.

The entire Hoke family has been blessed with the gift of music that includes an orgnaist, pianist, fluitist and wonderful voices. Scott's new bride also adds a beautiful soprano voice to this musical clan. For the musical fraternity attending, the evening was a little bit of heaven. From the solos, duets, piano organ and instrumental trio, the marvelous music of Handel was inspiring.

Met a young man, Dave Matthews, at the beach. He is the son of the Hogans, now residing at the former Armstrong home. Dave plays the guitar very well, and he is part of a musical group, Silent-Cry. Dave and his friends will be appearing on the Jerry Lewis telethon show to be televised from the Greenwood Mall. His group will also have a record for sale at the Karma stores in approximately three weeks.

Usually we are sounding forth on Ben Upton's athletic prowess, but this time we are applauding Ben for his expertise at the chess board. Ben has won championships here in Indiana and has recently traveled to Scarsborough, Canada to represent Indianapolis in the Peace Games.

We sympathize with John Taylor. John is always happy and busy coaching sports, but recently, a mis-directed baseball broke John's nose. To say that John is not feeling too chipper, would be the understatement of the summer!

Every time I ask Joe Zainey for help he gives it so willingly and kindly. I hope that he knows how much I appreciate him. A thank you to Suzy McDaniel for the pictures of the fishing tournament. Did you know that Suzy is the niece of Bob Nicholas, to whom the tournament is dedicated?

A part of Carl and Linda Creed's vacation was a stop in Massachusettes for the reunion of the shipmates that served on the same ship as Carl, The USS Brinkley Bass. Carl and Linda continued on to Maine and to Montreal, Canada to visit with their relatives who reside in that exciting city.

Thinking about Carl also reminds me that he and Dick Lyke gave many years of faithful service to our local volunteer fire department. If you were at the picnic you saw some of the new skills being demonstrated by the Lawrence Fire Department. In the group of volunteers was the Creed's son, Buddy, keeping the family connection with the department.

I am not so sure how Joe Rhorman felt, but he deserves a medal for bravery. Joe was the volunteer who was tossed, turned and generally thrown about in the new cradle (stokes stretcher) demonstrated by the firemen.

Our sincere thanks to Mildred French for hosting our Annual Picnic, the 39th to be precise.

Thought I would leave you with a poem by the very popular Helen Steiner Rice:

(con't)

FLOWERS LEAVE THEIR FRAGRANCE ON
THE HAND THAT BESTOWS THEM

There's an old Chinese Proverb
that, if practiced each day,
would change the whole world in
a wonderful way.
Its truth is so simple, it's so
easy to do.
And it works every time and suc-
cessfully too.
For you can't do a kindness without
a reward.
Not in silver or gold, but in joy
from the Lord.
You can't light a candle to show
others the way
Without feeling the warmth of that
bright little ray.
And you can't pluck a rose all
fragrant with dew,
Without a part of its fragrance
remaining with you.

**Tell your neighbor how much you
appreciate them.**

BEAVERS BEAVERS BEAVERS

In case most of you are not aware of
it, Indian Lake has again been invaded
by local beavers.

Evidently they have been driven out of
their local habitat just north and east
of the bridge over Indian Creek by the
recent drought. They have moved into
the lake proper. Several trees have
been damaged, particularly on the
south beach.

Kevin Zainey, one of your Board members
has been in contact with a local trap-
per who will trap them (alive) and re-
locate them ASAP.

They are fun to observe but can be very
destructive to the lakeside tree popu-
lation.

-Phil Bly

note;

If you spot beaver trouble on your
land, the following treatment is said
to stop the beaver cold.

- 1) Paint tree with topping you put
on asphalt driveways.
- 2) Wrap tree with the tar paper (felt)
underlay that is used on roofs.
- 3) Wrap tree with chicken wire.

TENNIS ANYONE?

Tennis used to be a very active sport
around Indian Lake. Our court is not
in the best of shape, but at least the
people on both sides of the net would
have an equal handicap!

There are several of us around who
play, singles and doubles, but maybe
we just don't know one another? If
you are interested in playing and
would like to be put in contact with
others who play, please call me.
