

NOVEMBER 1993 - INDIAN LAKE IMPROVEMENT ASSOCIATION

.............

Across the Fence

Up and Down, Up and Down, Up and Down, what a summer! Actually I describe a summer, good, bad, etc., by the number of times I get to swim. To swim daily is a little bit of heaven. To get into the water about 10 times, all at the later part of the summer is the pits!

I may not have used the lake as in past years, but it was well used by the volleyball crowd. That's the younger ones with no aches or pains. They had a good turn out on weekends, and some good competition. It is wonderful to see the beaches getting used a lot.

Also, many of this group took time to repair and clean the beach on a regular schedule. Noticed that some of the regular players were Frank Helfer, Buddy Powers, Kevin and Fred Zainey and Ed Thomas. They all grew up on the lake and have returned to make their home here.

Linda Van Treese also has her three sons, Jeff, Andrew and Dan back on the lake. Jeff and Kathy live on the South Drive next door to Linda. Andrew, the bachelor of the family lives about eight or nine houses east of his mum and brother and Dan and Joyce have recently bought a home on the north side of the lake. By the way, Dan and Joyce also have three sons. Nathan is 5 years old, Stephan 3 and Jordan 1. Welcome back Dan and a very special welcome to Joyce.

We send special wishes to Dustin Van Treese, Jeff & Kathy's son, who will be having his tonsils out the day after "trick or treating".

Another young man who grew up on the lake, Kerry Brown is the son of Glenn and Marguerite Brown. Kerry has his own home on Mohawk Drive.

Christine Hobbs, the daughter of Jane Ann and Fred Kopitzke is another person who has returned to the lake.

Across the Fence - continued

Unless I'm missing someone I make that ten young people who have returned to live here.

Some other folks were very busy this summer, Flo and Will Peck, Rick Nelson and the Sterns all had wonderful gardens, and I must say thank you to each one for sharing their veggies.

Can't possibly leave Johanna Jones out. Johanna made the most delicious rhubarb pies, and gave us enough rhubarb to freeze and enjoy in the dark days of winter.

Did anyone see Ross and Lisel Walkers several varieties of apples, plums, grapes, in their orchard?

Doing something a little heavier, John and Clydeen Taylor doubled the size of their home and made a marvelous job of it.

Doing the exact same thing as the Taylor's, Dick and Erenstine Lyke doubled the size of their home, and they must have carted a whole gravel pit to fill in the ground at the back of the house.

On the 11th of November Veterans Day, some of our residents who have proudly served their country will take part in special services on the steps of the War Memorial!

I wonder if we have ever made a conscious effort to teach our children, love of Country or tell them about the sacrifices and cost that made it possible for them to live so well today.

Please turn to the next page and read what two Patriots who have been separated by the centuries, have to say.

Until we meet again may God hold you in the palm of his hand.

"We have been the recipients of the choicest bounties of heaven; we have been preserved these many years in peace and prosperity; we have grown in numbers, wealth, and power as no other nation has ever grown.

But we have forgotten God. We have forgotten the gracious hand which preserved us in peace and multiplied and enriched and strengthened us, and we have vainly imagined, in the deceitfulness of our hearts, that all these things were produced by some superior wisdom and virtue of our own.

Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us."

"We ask Him to grant a special love to all of our fallen comrades . . . We also ask that God grant special strength to our comrades who are still in hospitals with wounds and injuries they received during the war.

By their example, we should all remember that the freedoms we enjoy in this great country of ours do not come without a price. They are paid for and protected by the lives, the limbs and the blood of American servicemen and women."
